REGISTER TODAY!

Sponsorship Info

The Independent Petroleum Association of America's [Private Capital Conference](#) is the annual premier marketplace convening producers and capital providers. Accessing oil and natural gas capital can be a complex process, particularly in a highly dynamic market environment, and this trend is set to continue into 2025.

This year's PCC will explore capital structures that address the needs of both producers and investors while positioning the industry for growth amidst continued global geopolitical and economic turbulence.

**Early Bird Pricing Ends Next Week!**

### 2025 Sessions

#### Presenting Sponsor - Opportune

- **Driving Success: Companies Effectively Raising Capital and Executing Exits in the Current Energy Environment – Sponsored by Latham and Watkins** *Hear from executives at the helm of the upstream operators finding a way to get meaningful transactions done and creating shareholder value in the current energy landscape.*
- **The State of Traditional Private Equity – Sponsored by Kirkland & Ellis LLP** *Comprised of key decision makers for several of the top private equity sponsors in the E&P space, this panel will cover such topics as what types of opportunities sponsors are looking to exploit and how teams can get PE backing today.*
